Vicious Vesuvius

Yesterday, I heard about the eruption of mount Vesuvius in Pompeii.

On the 24th August in the city of Pompeii Mount Vesuvius eruption turned the day into night. The sky turned Black and dark clouds

 The ground shook and the people said it was fine. They thought it was a earthquake but it was Vesuvius.

Vesuvius exploded so everyone was running as fast as they could but it was too late. Everyone died. The City was covered in ash and poisonous smoke.

Everybody was dead and the buildings were destroyed. Sadly, it also reached Herculaneum.
